

# How –To Guide

## Creating Graphs from Automated Reports

If you have registered to receive ReignCloud Automated reports, you can easily generate graphs from the data received. Follow the steps below to create quick and easy Excel Graphs from your data.

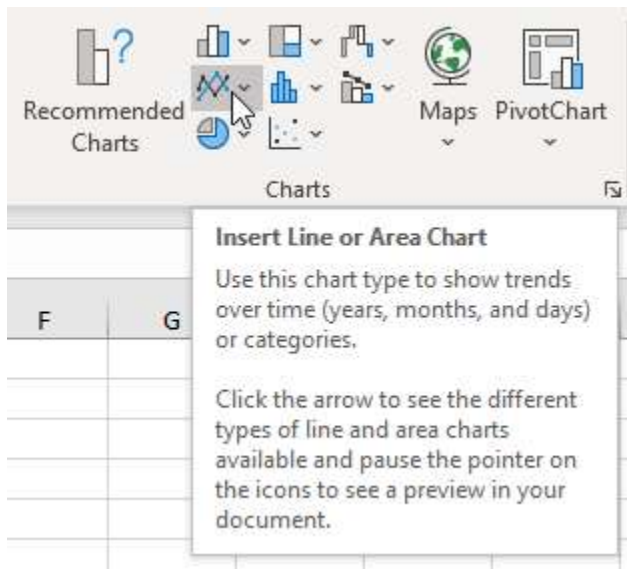

### Step 1

Select the columns containing the data you want to graph.

	A	B
1	Timestamp	pH Meter 1
2	2020-09-03 00:00	5.26
3	2020-09-03 00:01	5.88
4	2020-09-03 00:03	5.46
5	2020-09-03 00:07	5.15
6	2020-09-03 00:08	4.72
7	2020-09-03 00:10	5.58
8	2020-09-03 00:11	5.03
9	2020-09-03 00:15	4.61
10	2020-09-03 00:16	5.10
11	2020-09-03 00:17	6.23
12	2020-09-03 00:18	5.69
13	2020-09-03 00:19	5.14
14	2020-09-03 00:22	5.87
15	2020-09-03 00:23	5.12
16	2020-09-03 00:25	5.40
17	2020-09-03 00:27	4.98
18	2020-09-03 00:31	5.62
19	2020-09-03 00:33	5.25

### Step 2

Select the Insert Tab and then pick one of the Charts from the list.

### Step 3

The selected chart will be displayed.
